

WILSON'S REPLY ADROIT MOVE

Will Serve to Uncover Any
Insincerity on Part of
Germany

ASKS MAXIMILIAN
WHAT HE REPRESENTS

And Says That the Germans
Must Evacuate Before
Hostilities Cease

Washington, D. C., Oct. 9.—By an adroit diplomatic move, President Wilson has laid a trap for the German government heads if the peace proposal made by Chancellor Maximilian was in the least insincere. This was the view of officials to-day as they studied the communication addressed by President Wilson yesterday to the German chancellor.

Confronted by the strategy of German diplomacy, the president in the view of officials, has countered with superior strategy. And yet he has left open the way to peace.

The president, by calling upon Prince Maximilian for information as to whether he represents the German military masters conducting the war or the whole German people, has compelled the new chancellor and those associated with him to render to the world an explanation of their real position. Through the communication sent yesterday, the last hope of the German militarists to point to the allies as waging war of extermination is considered as having been removed.

At the same time the president has notified the German government that its proposed "suspension of hostilities" cannot be granted while a German soldier remains on allied soil. The German government must state to the world whether it will accept the fourteen terms previously laid down by President Wilson wholeheartedly or as a basis for negotiations, which position cannot be considered by the United States and the entente allies.

The step taken by President Wilson has met with approval of the American people. Newspaper editorial comment almost universally commended the move. Congressional leaders after carefully studying the communication sent by the president, praised it as a brilliant diplomatic stroke.

Distinct approval was expected from the allied nations.

The text of the communication handed to the charge of Switzerland, follows: "Sir: I have the honor to acknowledge on behalf of the president your note of Oct. 6, enclosing the communication from the German government to the president; and I am instructed by the president to request you to make the following communication to the imperial German chancellor:

"Before making reply to the request of the imperial German government and in order that that reply shall be as candid and straightforward as the momentous interests involved require, the president of the United States deems it necessary to assure himself of the exact meaning of the note of the imperial chancellor. Does the imperial government mean that the imperial German government accept the terms laid down by the president in his address to the Congress of the United States on the 8th of January last and in subsequent addresses and that its object in entering into discussion will be only to agree upon the practical details of their application?"

"The president feels bound to say with regard to the suggestion of an armistice that he would not feel at liberty to propose a cessation of arms to the governments with which the govern-

ment of the United States deems it necessary to assure himself of the exact meaning of the note of the imperial chancellor. Does the imperial government mean that the imperial German government accept the terms laid down by the president in his address to the Congress of the United States on the 8th of January last and in subsequent addresses and that its object in entering into discussion will be only to agree upon the practical details of their application?"

BLOOD AND NERVES

Best and Most Economical Treatment for
Combination of Ailments.

Impure, impoverished, iron-lacking blood, and weak, unsteady, under-nourished nerves form a combination of ailments that is most successfully treated with Hood's Sarsaparilla and Peptonin. Taken in conjunction, one before eating and the other after, these two great medicines supplement each other and form the most economical treatment—Hood's Sarsaparilla for scrofula, rheumatism, catarrh, dyspepsia, loss of appetite, that tired feeling; Peptonin for anemia, tired nerves and exhaustion.

In cases where there is biliousness or constipation, Hood's Pills give prompt relief. Sold by all druggists.—Adv.

ment of the United States is associated against the central powers so long as the armies of those powers are upon their soil. The good faith of any discussion would manifestly depend upon the consent of the central powers immediately to withdraw their forces everywhere from invaded territory.

"The president also feels that he is justified in asking whether the imperial chancellor is speaking merely for the constituted authorities of the empire who have so far conducted the war. He deems the answer to these questions vital from every point of view.

"Accept, Sir, the renewed assurance of my high consideration.

Let the Leftovers Make a Meal.

Many dishes owe their place in the world to a leftover. Try some of these recipes when you find some leftover meats or vegetables in your ice box.

Leftover Lunches—Sausage and rice cakes, stuffed tomatoes with sauce, peach tapoca. Chicken hash with potatoes. Stuffed green pepper salad, rice pudding with stewed fruit. Hominy balls, creamed hard cooked eggs, Bermuda onion and orange salad, huckleberry dumplings.

Recipes: Sautéed Tomatoes—6 large slices tomato, ½ cup flour (may be corn or rice flour), ½ cup milk, 1 tablespoon fat, salt and pepper. (Any leftover sliced tomatoes, if firm and solid, may be kept covered with cold water for use next day.) Dry the slices of tomato if they have been in water, season with salt and pepper and dredge both sides well with flour. Melt fat in pan; when hot put in tomato, browning well on one side before turning. When both sides are brown remove to a hot platter. Gradually add milk to flour and fat in the pan, stirring well. Pour this sauce around the tomatoes and serve.

Peach Tapoca—Soak ½ cup of granulated tapioca in ½ cups of cold water over night. In the morning add 2 cups boiling water and a little salt, and let it boil 5 minutes. Then put into a double boiler and cook until clear. Take the remnants of a can of peaches—there should be at least a cup, and if there is a pit or two all the better. Add a little more sweetening and simmer until the syrup is somewhat thickened, and stir into the cleared tapioca. Remove from the fire, cool and pour into a glass dish. Serve with sweetened cream.

Relish Recipes.

The relish need not be a "species extinct" this winter. Whereas it formerly required sugar, sorghum or one of the other syrups may be used with very good results. From the United States food administration come these tempting sample recipes:

Mixed Fruit Marmalade.

A mixture of peach, apple and pineapple in the proportion of 1 cup of cooked peach, 1 cup of cooked apple and ½ cup raw grated pineapple makes a delicious marmalade—using ½ cup of syrup to each cup of the fruit mixture. Apple and quince is also a good combination. One cup of cooked quince and 1 cup of cooked apple, using ½ cup of syrup to each cup of the fruit mixture, and proceeding as with peach marmalade.

Grapes make a delicious sauce for serving with meats. Use either fully ripe or partly ripe grapes. Separate the skins and pulp after washing and stemming. Cook separately. Put the pulp through the ricer or colander to remove seeds. Mix the skins and pulp and for each cup of mixture of ripe grapes allow ½ cup of syrup. Proceed as for other fruit marmalades. For partly ripe grapes use ¾ cup of syrup to each cup of fruit. Use no water in the cooking of the grapes.

Pear and pineapple is also a good mixture. Using 1 cup of cooked pear and ½ cup of raw grated pineapple with ½ cup of syrup to each cup of the fruit mixture.

In making marmalades and fruit butter with syrups be very careful to use little or no water in the cooking of the fruit and cook the fruit till soft and tender before combining with the syrups. Such fruits as grapes and plums need no water, but can be cooked in their own juices.

Sorghum and all "home made" syrups are improved by boiling with soda and skimming before using in the fruit combinations.

Apple Relish.

One pint cider vinegar, 2½ cups syrup (dark), 1 teaspoon cloves, ½ teaspoon ground cinnamon, ½ quarts apples, ½ pound seeded raisins, 2 tablespoons chopped onion, 1 cup chopped pecans or walnuts, 2 tablespoons mustard seed, 2 tablespoons celery seed, ½ teaspoon salt. Paprika to taste.

Boil together the vinegar, syrup and spices for 5 minutes. Add apples, raisins and chopped onion. Cook for one hour. Five minutes before removing from fire add one cup of chopped pecans or walnuts. Pack into hot jars, partially seal and sterilize 10 minutes. Seal tightly. Let cool, label and store.

Sweet Pickled Beets.

One-half gallon baby beets, 3 cups vinegar, 3 cups sorghum, ½ teaspoon salt, 3 tablespoons mixed pickle spices. Wash beets leaving roots and about 3-inch stems on to prevent bleeding; cook until tender. While beets are being skinned, put vinegar, sorghum, salt and spices on the fire and allow to boil 5 minutes. Pack beets in ½ gallon jars and pour boiling sorghum over them at once, filling jars. Fasten covers on tightly, invert to test for leakage, and store in dark place. Dorothy Dexter.

SAGE TEA DANDY TO DARKEN HAIR

Look Years Younger! Use the Old-Time
Sage Tea and Sulphur and No-
body Will Know

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night, and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite, and is not intended for the cure, mitigation or prevention of disease.—Adv.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is a Sign You Have Been
Eating Too Much Meat, Which
Forms Uric Acid

When you wake up with backache and dull misery in the kidney region, it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog, you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure, and makes a delightful, effervescent lithia-water drink.—Adv.

Brattleboro, Oct. 9.—Despondent because of ill health, Herbert Lefroy Clark of Vernon committed suicide Monday night by shooting himself in the head with a shotgun. He was 66 years old. For some years he had been afflicted with cancer of the stomach and it is supposed that brooding over his condition caused his act. One side of his head was blown off.

Mr. and Mrs. Clark had retired for the night, when he arose and shot himself at the foot of the bed.

"... And it was a point of pride with every Virginia host in those early days that his guests should smoke only tobacco of his own growing." —Southern Days.

Since the days of long ago, Virginia tobacco has been the world's choice

Those old "church warden" pipes have long since gone, together with the wigs and knee breeches. But the tobacco of those early days—good old Virginia—is still the world's most popular tobacco, especially for cigarettes (see footnote).

No other spot on earth has Virginia's "just right" combination of golden sunshine and rich soil for growing cigarette tobacco. The result is, Virginia tobacco has an appetizing freshness—a "lively," "snappy" taste that makes ordinary cigarettes seem rather flat by contrast.

What is Good Style?

Not the freakish, faddish ideas you see in some coats; that isn't style; there is something quite different than that in real style. A stylishly dressed man is one whose coat fits and who has an "air" of being well dressed; the "lines" of the garments are right; the clothes must be refined and must not waste materials.

The only way to get such style is to go where it is and get clothes that have it.

Hart Schaffner & Marx clothes do; that is why we have them here.

Men's Overcoats

We're ready with the new Chesterfields, box overcoats—every detail is planned by Hart Schaffner & Marx to give a man the right "air" and to conserve material in every possible way, still giving you long service.

CHILD SUFFERED WITH ITCHING SCALP

And Dandruff. Cuticura
Soap and Ointment Healed.

"My daughter was troubled very much with dandruff and her scalp was sore and very tender. Great patches of dandruff would form on the scalp, and drawing a comb through her hair would often start the blood. The dandruff scaled off and could be seen on her clothing. She suffered extremely from her scalp itching, and she was constantly scratching. Her hair was getting thin and lifeless.
